

4 Nights Sardine Run add on June-July 2020

Sabi Sand Game Reserve
Excellent game-viewing and home-grown hospitality.

We highly recommend a visit to the renowned Sabi Sand Game reserve at Kruger National Park after (or before) your adrenaline pumping Sardine Run ocean safari in South Africa! Our guests rave about Inyati Private game reserve!

Inyati Private Game Reserve is set in 65,000 hectares of unspoiled bushveld within the Sabi Sands Reserve, adjacent to Kruger National Park. The lodge is situated on the banks of the Sand River allowing for fantastic game viewing without leaving the camp; providing gorgeous views from the Chalet's.

Diversity of species and relaxed big game allows for close-up game viewing and photography. With no boundary fences between the Sabi Sands and the Kruger National Park, this reserve benefits from the great diversity of wildlife found in one of the richest wilderness areas on the African continent along, with the additional benefits experienced on a private game reserve.

The reserve is not open to the public, giving the lodge exclusive traversing rights. Further setting the lodge a cut above the rest is the specially designed safari vehicles used by Inyati rangers, ensuring intimate game viewing opportunities as they venture off-road into the bushveld. This undoubtedly makes for a one-of-a-kind African safari adventure.
