After an Alfresco Lunch in the gardens of the lodge you will be chauffeured to Arusha Airport for your 20-minute flight to Kuro Airstrip in Tarangire National Park. On arrival at the airstrip, the Tarangire Treetops team will meet you for a game drive in Tarangire National Park ending in Treetops' Private Reserve. The park extends into two game controlled areas and the wildlife are allowed to move freely throughout. After the Serengeti, Tarangire has the greatest concentration of wildlife in Tanzania and in the dry season the Tarangire River is a magnet for thirsty wildlife. Large herds of elephants and migratory wildebeest, zebra, buffalo, impala, gazelle, hartebeest and eland gather and not surprisingly the predators follow. This is also the one place in Tanzania where dry-country antelope such as oryx and gerenuk are regularly spotted. Tarangire is also known for its spectacular baobab trees, and its breathtaking views of the Masaai Steppe and the mountains to the south.

Popular activities include: game viewing, cultural tours, horse riding safaris, and hot air ballooning over the spectacularly scenic terrain.

Overnight: Elewana Serengeti Pioneer Camp [View iBrochure](#)

Located in the Southern Serengeti (within the Moru Kopjes area), Elewana Serengeti Pioneer Camp is ideally situated to offer superlative access to the annual migration and the 'Big 5' with sweeping views overlooking Moru Kopjes, Lake Magadi and the endless plains.

Elewana Serengeti Pioneer Camp has its own individual style and feel, paying homage to the mobile camps of the 1930's, a time when an African safari was truly a journey into the unknown, Elewana Serengeti Pioneer Camp's 'zero footprint' and close proximity to nature combines to make an unmistakably distinctive and truly individual offering.

Comprising of twelve tented accommodations, all of which have ensuite facilities including a flushing toilet, vanity basin, and showers, the tent interiors are designed to evoke the very best of an era long-gone but certainly not forgotten.

A dining tent hosts the Camp's guests for both breakfast and dinner, whilst luncheons are taken either in the camp or in the bush during what will no doubt be yet another enthralling day in the Serengeti.

Elewana Serengeti Pioneer Camp captures the original essence of the mobile African safari, engendering nostalgic wonderment whilst unlocking the adventurous spirit within all of us. The drama and beauty of the Serengeti National Park is indeed awe inspiring.

Travel Information

The name Tanzania conjures up images of wildebeest stampeding across vast savannah, rain forests teeming with monkeys and birdlife, and great plains brimming with legions of game. All of these natural wonders and more are on offer in this exceptionally diverse African nation. Visitors typically visit Tanzania to partake in at least one of the four well known Tanzanian tourist experiences: a relaxing seaside vacation on the picturesque island paradise of Zanzibar, an underwater tour of some of the world's most renowned dive sites around the gorgeous Spice Islands, a safari adventure in some of Africa's most impressive game reserves, or a hiking excursion around Mount Kilimanjaro National Park. Whichever of these incredible holidays you choose, you will undoubtedly be welcomed by some fabulously friendly and peaceful inhabitants who, despite being divided into 120 different ethnic groups and cultures, live in harmony with one another and provide some of the most wonderfully exotic local cuisine you could imagine. With all of this diversity on offer, the most difficult part of your Tanzanian holiday experience is likely to be deciding where to go!

Banking and Currency

Currency

In Tanzania, the unit of currency is the Tanzanian Shilling, which is divided into 100 Cents. Notes are issued in denominations of 500, 1000, 2000, 5000, and 10000 Shillings. Coins are issued in denominations of 50, 100 and 200 Shillings.

Banking

Banks are open from 9:00am to 3:00pm Monday to Friday. Many banks are equipped with 24 hour ATM machines.

Credit cards and travellers checks are not widely accepted in Tanzania. Where they are accepted can high service fees and poor exchange rates be expected. Major foreign currencies - particularly US \$ - are accepted in Tanzania and are convertible at banks and bureau de changes in the main towns and tourist areas. If bringing cash in US \$, please make sure bank notes are in good condition, with no cuts or damage and are not older than 2004. Most banks offer higher exchange rates for US \$ 100 / US \$ 50 bank notes compared to US \$ 20 / US \$ 10 or US \$ 5 bank notes.

Travel, Transport and Getting Around

If you are visiting a number of parks and reserves in Tanzania, you can either drive or fly between them. Roads in most of the wilderness areas are in poor condition and unmarked, and self-driving is not recommended. Operators will supply you with a driver who doubles as an informal guide; alternatively, you can arrange to fly to your destination and utilize a car and driver supplied by the lodgings. Elsewhere in Tanzania, towns and cities are linked by a steady stream of buses and *dala-dalas* (minibuses), and in the cities, there is public transport in the way of buses, *dala-dalas*, taxis, and, in some places, bicycles or *tuk-tuks*.

Precision Air run regular services, mostly via Dar es Salaam, Kilimanjaro or Zanzibar, to all main towns and other destinations in East Africa and beyond. All national parks and some of the top-end luxury lodges have airstrips and

Coastal Air operates between these and the main airports on the mainland and the islands of Zanzibar, Pemba and Mafia. ZanAir has frequent connections between Zanzibar, Pemba and the mainland.

Driving is on the left hand side of the road

Food, Drink and Cuisine Advice

Most camps, lodges or hotels cater specifically to tourists and serve Western-style food, ranging in standard, but generally are excellent. Game lodges tend to offer a daily set menu with a limited selection, so it is advisable to have your tour operator specify in advance if you are a vegetarian or have other specific dietary requirements. First-time visitors to Africa might take note that most game lodges in and around the national parks have isolated locations, and driving within the parks is neither permitted nor advisable after dark, so that there is no realistic alternative to eating at your lodge.

Tap water in Tanzania is generally not safe to drink, and most travellers try to stick to mineral water. Filtered and bottled water can be difficult to find if you are travelling outside of main town and so it is advisable to stock up. Most camps, lodges and hotels have bottled water readily available.

Climate and Weather

Just south of the equator, Tanzania is huge and its sheer size means that the climate varies considerably within it. However, generally the main rainy season, or the 'long rains', lasts during about **March, April and May**. Afternoon tropical downpours are the norm – which are heavier and more predictable beside the coast and on the islands. The humidity is high and daily temperatures reach the low-mid 30°s.

The long dry season lasts throughout **June, July, August, September and October** is when rainfall is unusual, even on the islands. Temperatures vary hugely with altitude and location, but it's usually a fine, clear sky and sunny weather – it's a great time to visit Tanzania. During **November and December** there's another rainy season: the 'short rains'. These are much lighter than the main rains and less reliable.

If it has rained during the short rains, then it normally dries up for a few months, **January and February**, which is Tanzania's 'short dry season', before starting to rain again in earnest in **March**.

Clothing and Dress Recommendations

It never gets really cold in Tanzania so lightweight clothing, preferably cotton or linen, is recommended. While on a game viewing safari, avoid brightly coloured clothing, stick to whites, beiges, khakis and browns. There may be long days sitting in safari vehicles, so it is advisable to wear light comfortable clothing such as short sleeved shirts and cotton/linen trousers or shorts. Denim will become too hot and extremely uncomfortable. Walking shoes and socks will be required.

The evenings will be chilly, so long sleeved shirts and trousers should be worn. A sweater may be needed. These will also prevent you being bitten by insects. A hat should be worn at all times outside. The sun may sometimes not feel hot, but it can still easily burn, especially if it is cloudy and overcast.

If visiting Zanzibar or any coastal town don't forget to take a swimsuit, as it is invariably warm. Ladies are recommended to take cotton skirts, blouses and dresses. Sandals are a must for this environment! On the beaches and within the confines of hotels, normal swimwear is acceptable but nudity is not.

As over a third of the population in Tanzania is Muslim, it is therefore not etiquette for ladies to walk around in public displaying their legs and shoulders. Remember to dress modestly as short shorts, miniskirts, vests and tank tops will be frowned upon.

Electricity and Plug Standards

The electricity supply in Tanzania is 220/240 volts at 50Hz. Plugs are 3 point square (UK Type). Adapters are available at major airports.
